E. 17/09/08 Dogs in the Workplace

Councillors considered whether the Parish Council should allow its employees to bring their dogs to work

Resolved that: The Parish Council does not permit employees to bring their dogs to work unless it is a requirement due to the Equality Act 2010(e.g. a guide dog) as the various working environments are not suitable.

E. 17/09/09 Highway Matters

NCC had advised that the request for an area-wide environmental weight restriction had been referred to the Council's Local Transport Team but as funding had been greatly reduced our request had been logged until a time as competing demands, changing on the network or policy directives might give cause for further consideration.

It was noted that if re-surfacing works took place on Shaw Street it could potentially raise the level of the road which would create issues for people exiting the Council car park.

Due to the temporary traffic lights on the High Street and the closure

PK

of the Zebra Crossing there was no safe place to cross the road in that area. The Clerk was to write to Highways and ask if in future it could be a requirement for temporary pedestrian lights to be installed on the zebra crossing as it had worked well in the past
