

## ABOUT MRS SUE MATTHEWS

Parish Councillor for Flawford Ward

*"I am 54, originally from the North East of England, studied at Trent Polytechnic for 4 years and then after a spell living in Germany, returned to live in Nottingham.*

*I have lived in the Rushcliffe area for approximately 30 years, moving to Ruddington 8 years ago. I am married with one daughter who currently lives in London. I enjoy using the good variety of local facilities in the village and can regularly be seen out walking in and around the village with my dog!"*

### **Local issues of interest:**

"I am new to being involved in local matters, but decided to stand to be a Parish Councillor when I saw there were a number of vacancies. I felt as I now work part-time, I should make some time to contribute to the village.

I am particularly interested in the way the village responds to demands regarding new housing development and the impact on the village.

In addition, I am keen to be involved in events organised in Ruddington which will increase the community feel in the village for all ages."
