

## **Twinning Sub-Committee**

The Twinning Sub-Committee should:

1. Consider the aims of twinning, the sort of activities that might be beneficial to Ruddington and how they might be encouraged and organised.
2. Promote twinning in Ruddington and broaden the base of those involved. Positively seeking to include younger people.
3. Consider suggestions for twinning events.
4. Develop and organise twinning events.
5. Draw up and advertise a programme of events for each council year.

Twinning activities would then only be funded if they are part of the programme agreed by the Sub Committee.

The Sub Committee should consist of 2 - 3 councillors appointed by Environment & Policy Committee and 2 - 3 non councillors (appointed by the Twinning Sub Committee). This can be reviewed on request of the Sub Committee.

It is envisaged that the Sub Committee would meet when necessary and agree things by e-mail in between.
