

ABOUT MISS HOLLY LAW

Parish Councillor for Easthorpe Ward

“I have lived in Ruddington since October 2018 and have a 5 year old boy that attends James Peacock School. I work full time as a Change Specialist for a large utility company and am an active member of the Labour Party. I attend local branch and CLP meetings for Rushcliffe and was involved in the campaign in the run up to the election.

“I also volunteer with the SFiCE foundation, a small charity located in Nottingham whose main mission is to help reduce the effects of food poverty, isolation and ill health within the city of Nottingham.

In my free time you’ll find me either on long walks at the country park, playing board games with friends or reading a good fiction and fantasy book.”

Local issues of interest:

“I’m really keen to help local businesses to flourish through the Ruddington Village Centre Partnership by increasing footfall along High Street and Church Street.

“I’m also concerned about the new homes that are planned to be built on different green belt sites at Ruddington and the impact it’s going to have on our existing amenities and infrastructure.”
